## PROFILE

---

- Passionate Frontend Web Developer with hands-on experience in building dynamic and user-friendly websites. Proficient in responsive design, clean code, and leveraging the MERN stack (MongoDB, Express.js, React.js, Node.js) to create high-performance web applications.
- Skilled in creating user-centric interfaces and optimizing website performance to deliver seamless user experiences across devices.
- Strong problem-solving abilities with a focus on UI/UX design and cross-functional collaboration to develop scalable, engaging web solutions.
- Eager to contribute to a collaborative team, with a focus on continuous improvement and learning.

## EXPERIENCE

---

### Frontend Developer Intern

Solitaire Infosys Pvt. Ltd. — 16/01/2024 - 13/07/2024

- As a Frontend Developer Intern, I worked extensively with the MERN stack (MongoDB, Express.js, React.js, Node.js) to build dynamic and responsive web applications, resulting in a 20% increase in user engagement due to improved user interface design.
- I developed user-friendly interfaces using React.js, HTML5, CSS3, and JavaScript, ensuring the website was cross-browser compatible and optimized for various devices, leading to a 25% faster load time and a smoother user experience.
- Collaborated closely with cross-functional teams to design and implement features that directly addressed user needs while optimizing performance, which contributed to a 15% boost in user satisfaction.
- Played an instrumental role in the successful launch of my Personal Portfolio website, which helped refine my skills in frontend development and applying industry best practices.

## EDUCATION

---

### Bachelors of Technology in Computer Science Engineering

Rayat Bahra University, Mohali, Punjab — Aug 2021 - Sep 2024

- CGPA: 6.87

### 3 Years Diploma in Mechanical Engineering

SSM College of Engineering and Technology, Pattan J&K — Dec 2016 - Jul 2020

- Percentage: 74%

## PROJECTS

---

### Restaurant Website

- Developed a responsive restaurant website using HTML5, CSS3, JavaScript, and Bootstrap, ensuring an optimized user experience across devices.
- Designed and implemented a dynamic menu and reservation system, significantly enhancing user interaction and business functionality.

### Personal Portfolio

- Designed and developed a personal portfolio website using HTML5, CSS3, JavaScript, and Bootstrap, showcasing my skills, accomplishments, and projects in a clean and modern layout.
- Integrated dynamic content displays and smooth scrolling, improving user engagement and navigation.

### Fitness Web App

- Developed a fitness tracking web application using React.js, enabling users to track workouts, monitor progress, and access fitness resources.
- Built reusable components and utilized state management to ensure a seamless, responsive user experience across devices.

### AI Chatbot

- Built an interactive chatbot using HTML, CSS, and JavaScript that responds to users in real time, making conversations feel more natural and engaging.
- Designed a user-friendly interface and added basic NLP logic to improve the chatbot's ability to understand and reply to messages.

## SKILLS

---

- **Front-end:** HTML5, CSS3, JavaScript,
- **Framework/libraries:** Bootstrap, TailwindCSS, Reactjs, GSAP.
- **Version Control:** Git, Github.
- **Tools:** VS Code.
- **Programming Languages:** C/C++, Python Programming Language (Basic Knowledge).
- **Soft Skills:** Ability to Work In A Team, Fast Learner, Ability To Multitask, Customer Service, Ability To Work Under Pressure.

## HOBBIES

---

- Playing Cricket
- Listening Music
- Travelling

## CERTIFICATIONS

---

- Front-end Web Development
- C++ Programming Language
- Diploma in Computer Applications(DCA)
